NEW FRANKEN, WI— September 11, 2012. Dental Health Products, Inc. (DHPI) recognizes Keurig/Green Mountain Coffee as being the Best New Product at its 2012 National Sales Meeting. DHPI reps selected the company because of the value it will bring to dental offices. “Everyone has heard of Keurig coffee makers,” commented one sales rep. “They will sell themselves.” The product is “innovative and exciting,” agreed another DHPI employee. Furthermore, James Chamberlin, Sid Lindholm and John Barrett were outstanding presenters -- informative, energetic and fun. They were excited about Keurig and Green Mountain Coffee and it showed.

DHPI is now stocking two series of Keurig Coffee Makers (B140 and B150) and over 200 varieties of gourmet coffee (like Green Mountain Coffee) in K-Cups to dental offices. “We are always looking for products that will add value to our customers’ dental practices,” states Steve Desautel, V.P. Sales & Marketing. “Keurig/Green Mountain Coffee is one of our latest innovative product additions.”

Dental Health Products, Inc. is a full-service distributor of dental supplies and equipment with two distribution centers and seven full service branch locations. DHPI is considered one of the top dental distributors in the U.S. It offers full-line equipment sales, installation and service, hand-piece and small equipment repair, office design, digital equipment and integrated practice management software, inventory control products, and personalized account management.
